## **Network Governance Design Canvas**

Eight Governance Design Issues for a Network

# DECISION-MAKING

Who decides about direction & action, and how do they decide?

## COMMUNICATIONS

What are our unifying narratives, and how do we connect and work in relationship with each other?

How do we understand the context and what's working?

What norms + practices will guide our culture?
What are our coordinating structures?

What is our reason for being and our strategy?

#### **PARTICIPATION**

Who are the stakeholders, and how do we facilitate and engage the voices we need to guide the work?

## RESOURCING

What is the funding model, and what agreements do we have about the flow of resources?

# PROPOSITIONS

What value do we provide collectively and for individuals?
